### Product Specification

|                      |                      |
|----------------------|----------------------|
| Wire Rope            | SS316 (8mm Diameter) |
| Tensioner            | SS316                |
| Cable Extremity      | SS316                |
| Shock Absorber       | SS316                |
| Extremity Plate      | SS316                |
| Intermediate Bracket | SS316                |
| Detachable Trolley   | SS316                |

### Applications

- Truck Loading/Unloading
- Train Top Work
- EOT Cranes
- Awkward work places where Horizontal & Vertical safety is require
- Pipe racks

### SKU Information

| Part number | Product description                                    | Product SKU        |
|-------------|--|--------------------|
| EA01        | Extremity Anchor                                       | BLSH-FP-HFA-EA01   |
| SAB02       | Shock Absorber for HLL                                 | BLSH-FP-HFA-SAB02  |
| TNH01       | Tensioner for HLL                                      | BLSH-FP-HFA-TNH01  |
| CE01        | Cable Extremity  | BLSH-FP-HFA-CE01   |
| PTDT01      | Pass Through Type Detachable Traveller (Over the Head) | BLSH-FP-HFA-PTDT01 |
| DT01        | Detachable Traveller                                   | BLSH-FP-HFA-DT01   |
| IB01        | Intermediate Bracket                                   | BLSH-FP-HFA-IB01   |
| WR01        | Wire Rope  | BLSH-FP-HFA-WR01   |
