

Dual Cartridge P3 Class Particulate Filter for solid and liquid dust

The PF200 is a high-efficiency P3 class particulate filter designed to offer superior protection against solid and liquid hazardous dusts, including fine particulates, mists, and fumes. Built with advanced multi-layer filtration media, it delivers exceptional dust-holding capacity while maintaining low breathing resistance for enhanced user comfort. Compatible with Bison Life dual-cartridge respirators, the PF200 features a lightweight, low-profile design and a secure locking mechanism for easy attachment. This filter provides dependable respiratory safety in demanding conditions.

CE EN 143:2021 P3

Product Specification

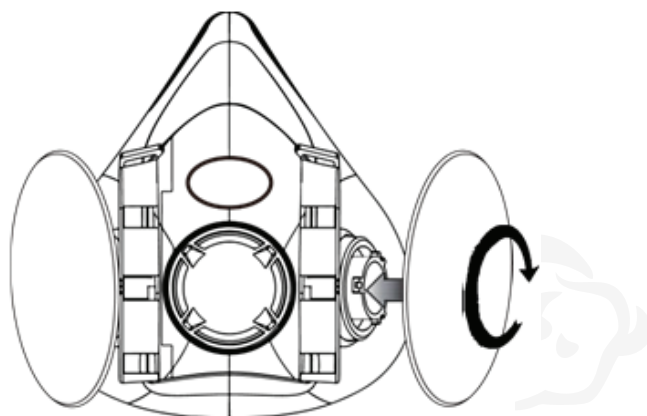

Product Type	Particulate Filter
Protection against	P3
Cartridge Type	Dual Cartridge
Compatible Facepiece	ProAer®-H300, H400, H430, H450, F500 & F600
