

Dual Cartridge Respirator

The BisonLife H700QL Dual Cartridge Respirator with Quick Latch is a premium reusable half face respirator engineered for superior comfort, protection, and convenience. Featuring a quick latch mechanism, users can easily lower and raise the respirator without removing the head harness, making communication and short breaks effortless. Its soft silicone face seal provides an excellent fit for extended wear, while the bayonet connection ensures fast and secure attachment of dual gas, vapor, and particulate filters. The low-profile design is compatible with welding shields and other PPE, and the downward exhalation valve helps reduce heat and moisture buildup for enhanced breathing comfort.

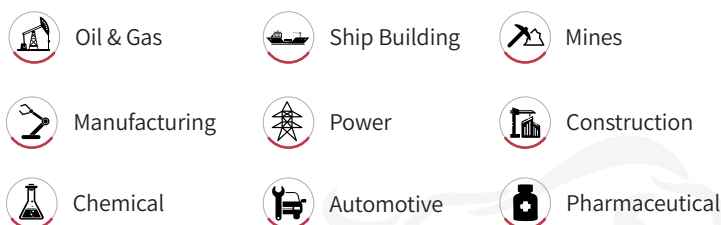

CE EN 140:1998
